

Instructions for getting fuel from Franklin Pumps

- Turn onto Churchill Ave from RT 27.
- The 2nd building on the left is Franklin's Public Works Building. You will see a big gate as show below.

- On the driver side, you will see card readers, use the card that says Gate. There are 2 readers you can pick either ones. Once the card is read, the gate will open automatically.
- Once the door is fully open, you can drive inside. You will see few pumps to your left. Use Pump T2, which is the 2nd pump.
- Between pumps T1, T2 there is Pump Access Machine as shown below. Make a note of mileage before going to the pump.

First you will have to use the Access Card marked as Driver A63. Once authenticated, enter mileage and then Use Fob that's marked A63.

- On the way out you must use your Gate Pass Card, for the Gate to Open.

- Once you come out, wait for a couple of minutes for the gate to automatically close after you.
